art stakeholders meeting

Change in stakeholders meeting schedule

- **Today** is the last Thursday afternoon stakeholders meeting.
- Next meeting is Tuesday, **March 5th** at 9 am
 - Location: **WH7X - Racetrack**
 - Same Zoom information as usual
- Meetings will be biweekly, alternating with the LArSoft coordination meeting at the same time and place.

Changes to *art* email lists

- We plan to retire the following lists:
 - art-stakeholders@fnal.gov
 - We have not sent exclusively to art-stakeholders for a long time:
 - e.g. all stakeholder meeting announcements are sent to both art-users and art-stakeholders
 - Individuals who represent experiments are reached via art-contacts@fnal.gov
 - We will ensure that all members of art-stakeholders are also members of art-users
 - art-mt-forum@fnal.gov
 - MT forum meetings have ceased, and all MT-related issues can be directed to art-users or artists.
- The *art* developers can still be reached at artists@fnal.gov.
